

Inside: See how Compaq takes Java to the extremes.

**COMPAQ**

*On June 15, you'll know to  
what extremes we're willing to  
go for enterprise Java.*

# Extreme

# Java

*(But here's a sneak preview)*

**COMPAQ**

At Compaq, we don't just  
take Java seriously.  
We take it to extremes.

# Extreme Java

Compaq is a  
Silver Co-Sponsor  
of JavaOne

**On June 15**, at the JavaOne Worldwide Developers Conference in San Francisco, you'll see how Compaq offers the broadest and most exceptional range of Java platforms in the industry—from palmtop to *NonStop*<sup>®</sup>, and from the fastest Java execution environment to the most fault-tolerant enterprise Java servers available. Join us as we explore the multiple success-drivers of "Java in the Enterprise."

## *The fastest Java*

Learn why the industry's first 64-bit implementation of Java-Compaq JDK/JRE for Tru64<sup>™</sup> UNIX<sup>®</sup>-has consistently led the industry in performance benchmarks, including a recent SPECjvm98<sup>™</sup> result that outperformed Sun Solaris by over 60 percent!

## *The most fault-tolerant Java*

Discover how Compaq is bringing *NonStop*<sup>®</sup> reliability and AlphaPowered<sup>™</sup> performance—coupled with state-of-the-art transactional power, scalability and integrity—to enterprise Java environments and the Internet.

## *The industry's broadest range of Java platforms*

See how you can leverage Compaq's impressive multi-platform Java portfolio for your individual application needs. We're bringing a new dimension to server-side Java that will move your business ahead.

**Talk to us at:  
JavaOne Worldwide  
Developers Conference-**

**June 15-18, 1999**

**Moscone Center**

**San Francisco**

**Compaq Booth #826**

Hear us at the following  
Birds-of-a-Feather sessions:

- Enterprise Java—An Execution Environment for Unlimited Transactions
- What's New with Java on Compaq's Alpha Platforms
